## How to buy a private jet

### STEP 1

Evaluate  
Your Private  
Jet Usage

< 50 Hours  
per year

50 - 200 hours  
per year

> 200 Hours  
per year

### STEP 2

Choose the  
right  
product

#### Asia Jet's Card Program

Meant for individuals or companies who wish to charter private jet, but have the added benefit of discounted rates.

#### Asia Jet Fractional Ownership Program

Program allows client to buy a portion of a jet, use it for personal or business flights and at the same time share the expenses of owning a jet with others.

#### Asia Jet Full Ownership Program

Place your aircraft with one of the largest private charter fleets in Asia and off set at least 50% of the fixed costs, while still flying in your private jet according to your schedule and earning revenue for when the aircraft is vacant.

### STEP 3

Considering  
the details

- Which Level of membership to choose?

- Which type of route would you fly regularly

- What would be the passenger numbers on a regular flight?

- How often would you fly private?

- What fraction of a jet to purchase?

fraction range from 1 whole down to 1/8. 1 whole would be based on 400 hours while 1/8 is on 50 hours per year.

- What type of aircraft to purchase it in?

- Do you have preferred a model in mind?

\* Fractional Ownership to be introduce in 2012, and successful ownership to be subjected to client's financial situation.

- Do you have finance institutions and tax accountants to help secure the most efficient and reliable purchasing solutions?

- Are you able to source the right aircraft whether brand new or pre-owned within your budget?

- How would you maintain your aircraft and manage its traffic?

- Do you have access and experienced pilots?

Asia Jet will take care of the details for you.
